surfing in the maldives

Equipment:

You can hire or bring your own board. If you'd like to hire, we have a total of 7 boards available from 6'8 hydrofish board to 9'0 longboard. We can have up to 10 people on the speedboat with a requirement of 4 persons minimum to go out. During surfing season, it is best to pre-book and if there is less than 4 people going out, we will find a way to send you.

We provide water on the boat and also have a first aid box on hand if needed. However, we won't have any rash shirts, wetsuits or sunscreen so make sure to bring those with you. Rash shirts and wetsuits are not available for purchase or rent at Club Med Kani.

Surf lessons for beginners

We offer private and group lessons depending on your needs and comfort:

Private lessons: if you'd like a more in-depth experience and maximum training with an ISA-certified instructor.

Groups lessons: available for the first surf lesson from the reef and the outing will be for two beginners maximum with one instructor. We keep this low number to ensure comfort and safety. The lessons include board hire, first surf lessons from the reef and then an outing on waves for 2 hours with a speedboat.

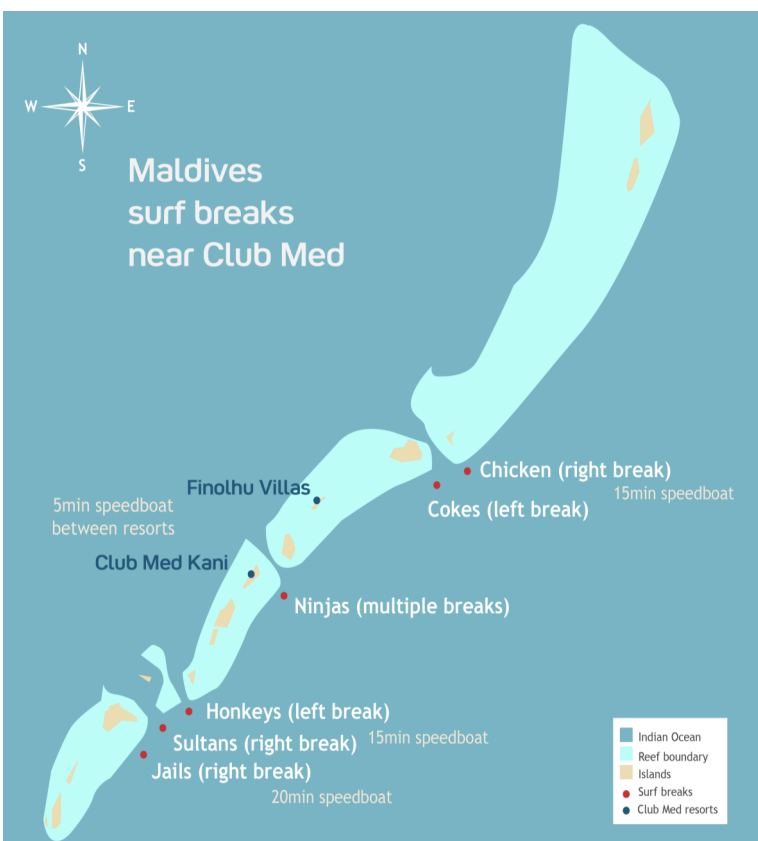

surfing season in the Maldives:

The surfing season starts from end of May to end of October - this is when there are the most waves but conditions can vary.

The biggest waves will be in July and August, and the smaller swell is from November to May.

Is it possible to paddle from the resort?

It is possible for an average or good surfer and will take from 5 to 10 minutes - it is however, at your own risk. For guaranteed security, we advise you to take the boat outings instead. If you still want to paddle to the break, it is advisable that you bring booties with you as the reef can be rough to go through. Booties are not sold nor available for rent at Club Med Kani.

Because we care for your little ones

We are very conscious of the safety of our little guests as waves break on the reef. Therefore, kids will have to be at least 11 years old to be surfing near Club Med Kani. Alos, you should feel confident that your kids know how to swim and are comfortable in the water. We usually bring children to the "Baby Chicken" surfing spot where the wave is inside the reef meaning smaller and deeper water so less risk of getting hurt on the reef. And for kids taking beginner lessons, the surf instructor will not bring them out if the conditions are dangerous.

How to book your surf package?

The lessons are available for pre-booking when waves are guaranteed. Otherwise you can book directly from the resort.

Prebooking: online - in the activities section when making a booking for Club Med Kani or Club Med Finolhu Villas for travel dates from June to September or contact us via phone: 1800 258 263 or book with your preferred travel agent

Directly from the resort for travel dates from October to May.
